

Snap Kitchen's Weight Watchers Points

While we're not affiliated with Weight Watchers and don't endorse the program, we know some of our customers like to count points using their SmartPoints system.

Since we're all about making life easier at Snap Kitchen, we've done the calculations for you for every current menu item. Please note - every item listed may not be available at all locations. If you have any further questions, you can email snapcare@snapkitchen.com!
